Next day on 25/03/2021 at around 10.00 a.m I went to Dr.Bhandari for my treatment of teeth problems, I was the only patient in his chamber and call me inside and told me to sit in the chair and started the treatment of my left upper wisdom teeth by giving me injectio~~n~~ on my left upper jaw. I felt little dizzy but I was conscious enough. After few movement he started checking my pulse using stethoscope but after that he started touching my breast and asked me about my cloth size and when I asked him why he is touching me he said my blood pressure is low and then I asked him about my teeth. He said he had already removed it. But somehow I came out from his chamber, and told the incident to my guardian at home and then inform to the police about the incident.

It is therefore prayed that your honour may kindly lodge this incident to take legal and appropriate action against the Dr.Bhandari to save me for in human behavior for the interest of justice.

Thanking you,  
Yours Faithfully,
