Subj:- Theft of Conductor on 11 KV line

Dear,

This is to inform you that at about 9.30 pm on 04/01/2021 power interruption occurred on 11 KV Makrapara feeder which is emanated from Garganda 33/11 KV Substation under the jurisdiction of Birpara High Tension maintenance Centre of Alipurduar (D) Division. Immediately our maintenance persons took action and it has come to the knowledge that conductor is missing on 11 KV line on a river before Makrapara & Ramjhora bazaar. After reaching at the spot at night, they found that there is no conductor on 11 KV line on that river span and Ramjhora Bazar span and taking all safety precautions they have restored on 11 kv line partially not fully. After getting conductor from our departmental store, we have restored full power on the very next day i.e. on 05/01/2021. Approximately 2.600 KM conductor is missing. It is expected that someone has stolen the conductor. But this kind of incident is a serious threat to us and also we faced power interruption on 11 kv line which was undesirable at consumer point of view.

Therefore you are requested to look into the matter and find out the culprit who has stolen the conductor and for those we have faced power interruption as well as financial damage.
