Sub: First Information Report (FIR) of pilferage in Guwahati to siliguri pipeline (GSPL, at chainage 332 km) of Indian Oil Corporation Limited (IOCL).

Sir

With due respect on behalf of Indian oil corporation limited I, Mr. Buddhadeb Biswas, (Asst. Manager IOCL) resident of IOCL Madarihah Colony, Madhya Khairbari, Madarihah, Alipurduar, PIN 735220, would like to state that IOCL has a petroleum product carrying pipeline which originates from Guwahati and terminates at siliguri. This pipeline is around 435 KM in length and it passes through various villages of the state Assam and west Bengal.

On 27.10.2021 at 2 AM it was conveyed from an unknown phone call that Guwahati to siliguri pipeline of IOCL is damaged at chainage 332 (Itbhata village, PS-Birpara). After reaching the site and inspection done by indianoil's officials it has been observed that the pipeline was drilled and a valve was installed. So it was clear that there was an attempt of pilferage and hence, it was damage to the property of Govt. of India. As this pipeline carries highly flammable product like diesel, a little mishandling might blast this pipeline which in turn can be a life threat to the residents of near village, can cause damage to the environment, damage to the cultivated soil etc.

This is a criminal act as per PMP Act 1962 under clause 15(1) & 15(2). Oil pilferage is a damage to the national property. So kindly lodge an FIR and carry on further judicial procedures as per the following acts:

PMP Act 1962	-	clause 15, 16
Explosive substances Act 1908	-	clause 3,4
Prevention of damage to public Act 1984	-	clause 3,4
