I, Subimal Barman, P.S.I of Police of Samuktala P.S do here by lodge this complaint to the effect that on against the driver/owner of vehicle no WB63A0685 to the effect that today i.e. On 23.06.2022 I got an information from reliable sources that one vehicle which is carrying cattle most illegally, violating the norms, in this regard it can be intercepted on Samuktala-Alipurduar Road. Somehow we managed to intercept the vehicle at Pototola, on Samuktala-Alipurduar road. During search removing the Tarpaulin sheet of the vehicle bearing registration no WB63A/0685 and found 7 nos of different sizes cattle (5 nos bull and 2 nos oxen) found in different size and colour. On enquiry, it is learned from the driver of the vehicle namely Jainul Haque that the cattle are being brought from Sonapur and carried to Pototola Samuktala and there is reason to believe that these cattle are going for slaughter. On verification, all the cattle are found to be transported in the aforementioned vehicle, in most cruel manner which was fastened tightly in the vehicle and the tarpaulin was used for keeping the cattle hidden inside vehicle beyond sight of any others. There is no sufficient space for each cattle in the vehicle. The driver of the vehicle WB63A/0685 could not produce/show any Health certificate for the animals in respect of 7 nos of cattle to be transported. On search 7 nos of cattle were found in that vehicle WB63A/0685 which was kept concealed in that vehicle and it was carrying stealthily or by any illegal means. The average space provided per cattle in the vehicle is less than 2 (two) square meters. Total perimeter of the vehicle is 9.60 square meters and needed space is 14 square meters as per Transport of Animals Rule. The driver of the vehicle as well as transporter of the cattle failed to produce documents as follows:-

a) Special license for motor vehicle meant for carrying animals to be issued from concerned R.T.O. The vehicle is not having required space as laid down in rule 125 E of Central Motor Vehicles (Eleventh Amendment) Rules, 2015 vide notification no GSR 546 (I) dttd 08.07.2015 came into force from 01.01.2016.

b) Rule 50 (Table I and II) of Transport of Animals Rule, 1978 [amended through Transportation of Animals (Amendment) rules 2009] Vide S.O 2465 (E) Dtd 22.09.2009 as required by sub section (1) of section 38 of Prevention of Cruelty to Animal Act, 1960 (59 of 1960). Size & area of the vehicle and compliance of space requirement for each animal is not appropriate as laid down in the rule. It is to note that the average space provided per cattle in the vehicle is less than 2(two) square meters. Total perimeter of the vehicle is 9.60 square meters and needed space is 14 square meters as per Transport of Animals Rule.

c) Transit Certificate under Rule 96 of Transport of Animals Rule, 1978.
